

Propwash

Edwards Air Force Base, California

Message from Jack

Please come out this Sunday 14 August for National Model Aviation Day Fun Fly! We will have a great time with buffoonery, feats of strength, and a general good time with fellow modelers. We will have limbo, glide contest, and a taxi course so bring planes that can take it and make it.

2016 Membership Cards

For 2016, please remember to get your AMA insurance renewed before you're MMM membership. You need to provide a copy of your 2016 AMA card, driver' license and an [updated application](#) found here; www.murocmodelmasters.org/app.pdf

Applications may be mailed to: Muroc Model Masters, PO Box 2194, Rosamond, CA 93560-2194. Checks can be made payable to Muroc Model Masters. You may also renew at the monthly club meetings.

MMM meeting minutes from 13 July 2016

Meeting opened at 1835 by Jack Bugaren, President.

Old business: Striping the field was readdressed. The concern is erosion and the probability of the striping leaving raised areas on the runway/taxi areas. We will re-stripe the pit area and surrounding lines to keep the flying surface from being degraded.

New Business: Fun-fly is scheduled for Saturday 13 Aug 2016 to coincide with National Model Aviation Day. The backup day will be Sunday 14 Aug due to the probability of F-35 flight operations and weather.

In a related issue, F-35 flight test surge will commence in late July. This translates to MMM being open only Sundays during the flight test surge. Please check the website for the most current field status.

Bruce Whisenhunt went to Mesquite Nevada for 4 days. During this trip, Bruce didn't ONE SINGLE picture for the newsletter. He did report that he had an altercation with a powerline with his big T-28. Only minor damage was caused to the plane and it will be RTF soon. Don't look for pics, of that either. Some MMM members will travel to Santa Maria 29-31 July for the Tri-Valley RC Modelers' 4th Annual Central Coast Giant-scale Fly-in. If you can make it up for the day, we'd love to see you there! The meeting was brought to a close at 1910.

We'd like to Welcome Alex Wibholm and Ryall Meyer to MMM and to Edwards AFB. Please say hi to all new faces when you see them and please make them feel welcome.

Trip report

A few of us travelled to Santa Maria for the TR-Valley Modellers 4th annual Giant Scale Fly-in. The event was held 29-31 July. They had great food, a nice facility and the weather was perfect! The central coast has a great weather for flying, light breezes, cool temps and the people are very friendly. The Tri-Valley modelers put on a great event. Team Horizon pilots were there with Giant Scale Sukhois and Turbines Viperjets. Here are a few pics from the weekend.

Guess the tail

For guess the tail of the aircraft contest. Come to the meeting on 10 August 2016 with the correct aircraft type and put your name the hat to win \$20.00. We have years of experience to offer plus tons of fun in this hobby so if you have any questions, please feel free to ask.

Happy Flying!
